BUILDING 788 CLOSURE DESCRIPTION DOCUMENT (CDD) - KAD-008-99

This is to confirm the agreement reached with your Department regarding the CDD for Building 788, which has been submitted to you. As you know, a subcontractor to Kaiser-Hill Company, L.L.C. will demolish the building. Kaiser-Hill will cause its subcontractor to submit to you a demolition plan for Building 788 once the subcontractor has been selected and the demolition plan has been approved by Kaiser-Hill and the United States Department of Energy. I understand you, as the Department's project manager, will coordinate any necessary approvals with all other Divisions within the Department, then notify Kaiser-Hill's subcontractor accordingly.

OR. CONTROL ADMN, RECORD RAFFIC

Thank you for your cooperation in this matter.
